

Appl. No. 09/834,307
Supplemental Amendment dated July 20, 2005
Following Office Action of January 6, 2005

Amendments to the Specification:

On page 3, please replace the paragraph beginning on line 9 with the following amended paragraph.

Whitbourne et al U.S. Patent 5,525,348 discloses coating compositions containing anti-thrombogenic and/or ~~antimicrobial~~ anti-microbial agents. The coating contains water-insoluble polymers that may range from hydrophilic to hydrophobic.
